

"Come-to-Sunday-School Campaign"

Spartanburg, Sept. 21.—At a special meeting of the Central Committee of the South Carolina Sunday School Association, held in the office in the Chapman Building, September 20, February 11, 1917, was adopted as the State-wide "Come-to-Sunday School Day" for South Carolina. The General Secretary, R. D. Webb, was directed to invite all of the Sunday Schools of all the denominations in the State to join in a co-operative campaign to bring to the Sunday Schools on that day the largest attendance ever recorded on a single day in South Carolina. "Go-to-Sunday School Day" was originated by the Kentucky Sunday School Association a few years ago as a state-wide interdenominational movement. Since that time, it has been adopted by other State Sunday School Associations and some of the denominations. The purpose of the "Come-to-Sunday School Day" in South Carolina is to get as many people as possible, not ordinarily in the habit of going to Sunday School, to come at least one Sunday; then make them welcome on this Sunday, inform them of the work, provide them with suitable classes and competent teachers, and use every effort to enroll them as permanent members of the school. As a result of the observance of this day in Kentucky, many thousands have been added to the membership of the Sunday Schools, and the average attendance has been greatly increased. Alabama, Georgia, and South Carolina have agreed to observe Sunday,

February 11, 1917, as "Come-to-Sunday School Day." All Sunday Schools of all denominations are invited to share in this concerted effort to reach the unreached, enlist the indifferent, and to permanently build up our Sunday Schools. The South Carolina Sunday School Association will gladly furnish all supplies free of charge.

There are now enrolled in the white Sunday Schools of South Carolina about 209,000 people. If all the Sunday Schools will join in this co-operative campaign, it is believed that one-third of a million people will be in attendance on February 11. An extensive plan of publicity will begin in December, and all needed supplies will be in the State Sunday School office ready for distribution early in January.

The Central Committee also took steps toward preparing for the next State Convention, which is to be held in Spartanburg, May 1-2-3, 1917. It is the desire of the Spartanburg people to come up to the standard set by Charleston in May of this year, when 1120 registered delegates were entertained by the Charleston people at the 39th annual convention. The committee set as the goal for the next convention 1,500 registered delegates, expecting at least one thousand to be in attendance from counties other than Spartanburg. In Charleston there were 69 pastors, 140 superintendents, 117 other officers, 439 teachers and 355 pupils in attendance. Spartanburg will do everything possible to surpass even that great record.

FAIRFIELD.

Fairfield, Sept. 25.—Rev. R. F. Bradley celebrated his seventieth birthday last Friday, Sept. 22, with a surprise dinner, as Long Cane congregation joined together and prepared dinner and took it to the preacher's home. The day was pleasantly spent by all and all enjoyed the fine dinner which was bountiful, also plenty of ice tea. May the very best wishes be his, wishing he might enjoy many more happy birthdays.

PINEAPPLE JUICE FOR STOMACH TROUBLE

A preparation of fresh pineapple juice and pure scale pepsin when combined with other ingredients, in the right proportion, such as are found in Natol Pineapple Pepsin Compound, furnishes the necessary elements to relieve indigestion, nausea from any cause, sour stomach, bloating, sick headache and nervousness arising from a disordered stomach.

This preparation is sold by us on a positive guarantee of money back if not satisfactory. It is a wonderful medicine, having properties possessed by no other. Don't take my word for it, but prove it by a trial. 50c and \$1.00 sizes. The McMurray Drug Company.

Fertilizer isn't as high as you heard it was. You can buy our Fish and Blood Goods for the same money you would pay for the cheap goods. When it is all the same price, get the best. Get the Fish and Blood Goods.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Can Not Salivate. Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, no headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Adv.

TO CLOSE SEPT. 28-29.
